ST LEONARDS, NSW 2460

Dear Ms Moss

**Rockley Falls Quarry Project – Access Road Speed Limit**

I refer to your letter dated 5<sup>th</sup> December 2008 and email of 13 January 2009, seeking to amend the Proponent's Statement of Commitments for the Rockley Falls Quarry Project, requesting an increase in the speed limit of trucks using the quarry access road.

The Department has considered your request and the attached assessment of the potential effects on air quality as a result of this increase and accepts your proposal to amend the Statement of Commitments in the following terms:

“Maintain the haul road in sealed condition and limit haul truck speed to 60km/h by erecting speed limit signage at the Hume Highway ingress point, at the weigh-bridge, and at the egress of the quarry”.

I will ensure that the Statement of Commitments appended to the quarry's project approval is amended in this manner.

Yours sincerely

Howard Reed  
**A/Manager, Mining**  
**Major Development Assessment**  
as Delegate of the Director-General
