Dear Mr Hurst

**Negotiated Agreements between the Hume Highway Southern Alliance and Relevant Landowners Adjacent to Concrete Batching Plants at Knox Road and Old Mullengandra Tip**

I refer to the Department's correspondence to the Roads and Traffic Authority dated 10 June 2008 regarding the establishment and operation of a concrete batching plant adjacent to Knox Road. I also refer to a request from the Hume Highway Southern Alliance (HHS) for out of hours works for concrete batching and associated deliveries dated 5 August 2008, and discussions held between the Department and HHS on 26 September 2008 on these matters.

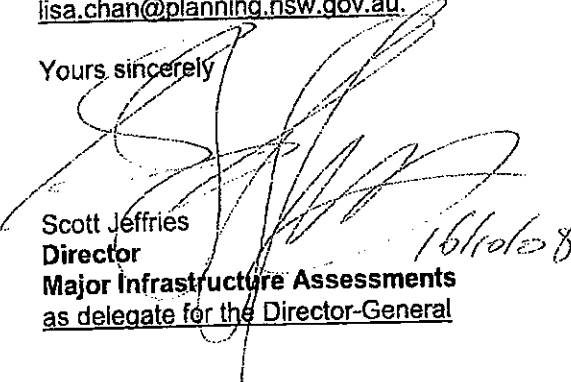

The Director-General has granted approval for out of hours works for concrete batching and associated deliveries between Woomargama and Table Top, subject to a number of conditions set out in the correspondence dated 14 October 2008. This includes a condition allowing the Director-General to review and amend the approval should the negotiated agreements be terminated.

Consistent with this approval, the condition pertaining to negotiated agreements in the approval granted on 10 June 2008 for concrete batching plant adjacent to the Knox Road site is amended as follows:

- *"negotiated agreements existing between the Alliance and the relevant landowners. Should any such negotiated agreement be terminated by either party, the Department shall be notified of the termination, including reasons for termination. Upon notification, the Director-General may review and amend this approval, including imposition of additional conditions;"*

Should you require any additional information or clarification, please do not hesitate to contact Lisa Chan, Environmental Planning Officer, on (02) 9228 6226 or via email [lisa.chan@planning.nsw.gov.au](mailto:lisa.chan@planning.nsw.gov.au).

Yours sincerely
