Dear Mrs Moss

**Re: Submission for Approval of Out-of Hours Construction – Utilities Relocation:
Woomargama to Mullengandra**

I refer to the application "Submission for Approval of Out of Hours Construction - Utility Relocation", submitted to the Department of Environment and Climate Change (DECC) on 29th November 2007.

In accordance with the Project Approval 06_0249 Condition 2:14, DECC has reviewed the document with regard to noise impacts, and based on the information presented and the mitigation measures proposed, we have no further comment to make.

If you have any further queries, please contact Mr Andrew Moriarty on (02) 6022 0606.

Yours sincerely

Mark Enright 30/11/07

Dear Mrs Moss

**Re: Submission for Approval of Out-of Hours Construction – Utilities Relocation:
Mullengandra to Table Top**

I refer to the application "Submission for Approval of Out of Hours Construction - Utility Relocation", submitted to the Department of Environment and Climate Change (DECC) on 29th November 2007.

In accordance with the Conditions of Approval Clause 28, the DECC approves the Out of Hours request, subject to the following requirements:

- This approval only covers work in the section of the project from Mullengandra to Table Top (i.e. the section of the project approved under the 1998 consent);
- The work must be undertaken in accordance with the submitted application, with particular reference to *Table 7 – Outline of noise mitigation practices during utilities relocation*;
- Out of Hours work must not be undertaken at sites where the predicted impact is more than 20dB above the noise objective (Table 6- Location C, Receiver 4; and Table 12, Location 6b, Receiver 12, 13 and 14 for the phases of work with a predicted impact of 59dB or more);

It must also be noted that DECC considers the work being done by the utilities companies on their infrastructure is part of the approved project, and they are working as subcontractors on the Project. The Southern Alliance is therefore responsible for ensuring the work is undertaken in accordance with all relevant approvals and environmental standards.

If you have any further queries, please contact Mr Andrew Moriarty on (02) 6022 0606.

Yours sincerely
